

To Log Into Your Email Via Webmail

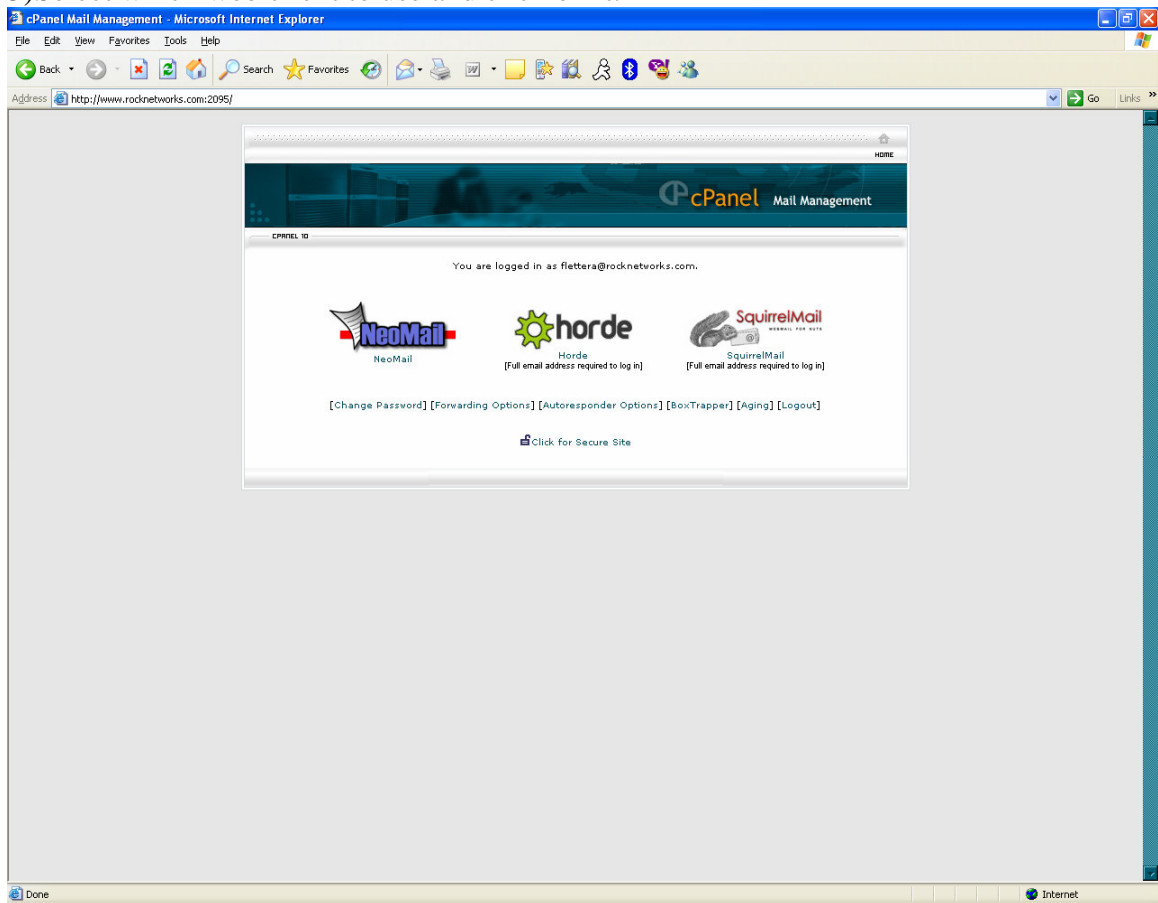

- 1) Open your web browser and type in <http://www.yourdomain.com/webmail> in the address bar, then click Go.

- 2) In the login box, type in your full email address for the username, and your email password, and click OK.

3) Select which web client to use and click on it.

4) You can then send, or read your email from the web!
